Cigna: Quality Care at an Affordable Price

TPSC offers an exclusive partnership with Cigna that offers a wide range of provider options and network discounts. Employees are able to select providers that fit their needs, while employers are able to reduce overall claims costs.

The Cigna network takes care of both providers and employers, ensuring one is fairly reimbursed and the other isn't paying in excess. By providing access to the Cigna network, TPSC delivers unmatched discounts, provider options and plan flexibility to ensure employees are able to receive the care they need at a cost that benefits employers.

Contact TPSC to learn more about the benefits of the TPSC Cigna network.

Avoid Blind Spots In Plan Designs

TPSC offers peace of mind to plan sponsors through our partnership with The Phia Group. With the Plan Appointed Claim Evaluator (PACE), clients can enjoy more fiduciary security.

PACE helps employer plans avoid excessive claims by:

- ✓ Identifying and addressing possible plan language vulnerabilities
- ✓ Managing second-level claims
- ✓ Assuming fiduciary responsibility for appeals decisions
- ✓ Facilitating IRO external appeals
