

IT'S A **MARATHON** *Not a Sprint*

*Celebrating 60 years of healthy lifestyles and quality service!*

FOR IMMEDIATE RELEASE

## TPSC Benefits Celebrates 60 Years of Service

**TACOMA, WA February 20, 2023** - TPSC Benefits has announced it will be celebrating its 60th anniversary in 2023. Since its founding in 1963, TPSC has provided healthcare benefits and top-notch customer service to clients in the Pacific Northwest and beyond. During this time, TPSC has consistently adapted to meet the evolving needs of its customers while maintaining a commitment to delivering high-quality products and services with exceptional support.

TPSC's comprehensive services include self-funded health plan administration, stop-loss insurance evaluation and selection assistance, consumer directed account offerings (HSA, HRA, FSA), COBRA administration, state and federal regulatory compliance and more.

Additionally, the company offers tools for advanced reporting, analytics and technology to help employers manage healthcare expenses and ensure members have access to quality care.

"We're proud to be celebrating sixty years in business. It has been an absolute honor to serve our clients throughout these years," said Tina Vasen, Vice President of Marketing at TPSC Benefits. "Though the landscape has changed tremendously in the last sixty years, we've remained committed to helping our clients maintain maximum control over their healthcare spend through our industry-leading products, services and support. We've also been proud to support many local and national organizations, and we're excited to continue that support this year."

To celebrate this important milestone, TPSC Benefits will host a series of events throughout the year with the theme "*It's a Marathon, Not a Sprint*." These events will encourage employees, clients, brokers and members to work towards living a healthier lifestyle in 2023. In addition, TPSC will launch an exclusive contest where participants will compete for tiered prizes based on their success in the contest.
